

Mayors in Action - Webinar Series: SEAPs and business planning

Monday, 14th December 2015, 10:30 – 12:00 CET

The implementation of SEAP actions often requires a long preparatory period. Many aspects have to be taken into consideration, and business plans (BP) can provide a systematic approach. BP is not only about finance, but other aspects like support of citizens and other local stakeholders are important points of attention. What are the good practices available? .
